# Democracy Needs You.

The success of a democratic system rests upon the participation of its people. Citizens and residents must make their voices heard if government is to represent the will of the people.

For almost 100 years, the League of Women Voters has been working to educate and engage voters. Through voter registration drives, campaigns to improve turnout and advocacy for a wide variety of issues, the League fights to make democracy work.

Membership is open to all women and men at least 16 years of age. Join us to preserve and protect the democratic process as envisioned by our founders.
